Project Name	ComicCraft
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

This document evaluates the quality of the codebase in terms of its structure, readability, and reusability. Well-organized code with proper naming conventions, comments, and modular design ensures that the project is maintainable and can be extended or reused in future development.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs used throughout the code	Yes	Python files follow consistent indentation.
2	Proper File Structure	Files and folders are logically organized	Yes	Modular app, templates and static folders.
3	Meaningful Variable Names	Variables reflect their purpose clearly	Yes	Descriptive names are used.
4	Function / Method Names	Functions are descriptively named	Yes	generate_outline, generate_story, generate_image, etc.
5	Code Comments	Inline and block comments explain logic	Partial	Core modules are documented; comments can be expanded.
6	Modular Design	Code is split into reusable functions/modules	Yes	Separate AI, image, layout and exporter modules.
7	No Redundant Code	Duplicate or unused code is removed	Yes	Workflow is separated into focused modules.
8	Error Handling	Exceptions and errors are handled gracefully	Yes	Invalid input/API/image/PDF failures are considered.

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1				

1	gemini_flash.py	Python / Gemini	Outline generation	High
2	gemini_pro.py	Python / Gemini	Story and dialogue generation	High
3	image_generator.py	Python / Diffusers	Panel image generation	High
4	layout_builder.py	Python	Comic layout	High

Overall Code Quality Assessment:

Aspect	Rating (1-5)	Comments
Code Layout & Structure	5	Modular structure with separate app modules.
Readability	4	Descriptive functions and organized files.
Reusability	5	AI, image, layout and export modules are separable.
Documentation / Comments	4	Project documentation is comprehensive; inline comments can be expanded.
Overall Score	4.5	Strong structure with minor scope for more inline comments.
